Since 2004, **Bush Racing Stable** has provided racing fans the opportunity to experience Thoroughbred ownership in a transparent, affordable, and enjoyable way. Why Partner with Bush Racing Stable?

Affordable Ownership

Our “you pay what we pay” philosophy means partners receive the same value we do. We do not inflate horse values or add hidden markups. Ownership opportunities are structured to make becoming a racehorse owner accessible for racing fans of all experience levels.

Simple Partnership Structure

Each partnership consists of **100 ownership shares**, allowing partners to select the percentage that best fits their interest.

- **\$250 per share = 1% ownership**
- **Minimum ownership: 10 shares (10%)**
- **One-time ownership payment**
- **No monthly bills to partners**

Transparent Costs

Your ownership payment includes your share of the horse's purchase or claim price along with prepaid funds reserved for training, veterinary, farrier, and routine operating expenses.

Our Racing Philosophy

Expert Evaluation

We carefully evaluate each horse based on racing history, form, pedigree, conformation, and overall potential.

Quality Care & Training

Our horses receive professional care from a dedicated team focused on keeping them healthy, fit, and ready to compete.

Smart Race Placement

We strategically place each horse in races that match their ability while maximizing opportunities for success.

Be Part of the Experience

Horse racing is about more than winning. It is about the friendships, memories, and excitement created along the way. Partners receive updates, photos, race information, and the opportunity to experience the thrill of being part of a racing team.

When our horse wins, we celebrate together in the **Winner's Circle**.
